Do you want to save money? Follow our Top Ten Tips on Energy Efficiency and put more cash in your pocket

Turn your Thermostat down!

Reducing your room temperature by 1°C could cut your heating bills by 10% and could save you about £50 a year

Is your water too hot?

Your Cylinder thermostat should be set at 60°C/140°F

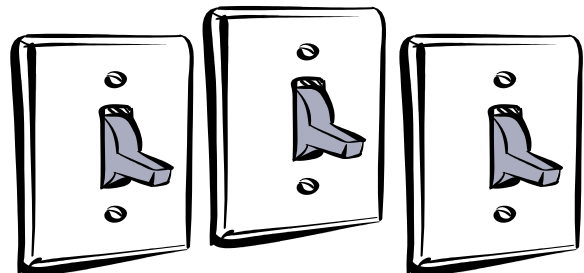

Close your curtains at dusk

This will stop heat escaping through the windows

Always turn the lights off when leaving a room

Don't leave appliances on standby

Remember to switch off mobiles and laptops when fully charged

If possible fill up the washing machine One full load uses less energy than two half loads

Only boil as much water as you need to! make that cup of tea!

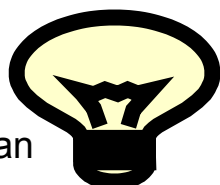

A dripping hot water tap wastes energy In one week this could waste enough hot water to fill half a bath!

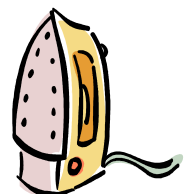

Use energy saving light bulbs

They last up to 10 times longer than ordinary light bulbs

Cut back on that ironing! Drying clothes on hangers or folding items as soon as you take them off the line minimises the need for ironing

Home Energy Switch

My Home Energy Switch is a new financial inclusion partnership between the National Housing Federation and uSwitch.com. It provides housing association tenants with a free, impartial online or telephone comparison and switching service that **helps you to save money on gas and electricity. You could save up to £254 by switching energy supplier!**

To compare and switch takes around five minutes!

Call 0800 051 5346 (Freephone) You can ask for a call back if ringing from a mobile phone

Use the online calculator at www.myhomeenergyswitch.org.uk

If you are on a prepayment meter you can still switch suppliers!
